KEY SKILLS

- Excellent communication
- Teamwork & Collaboration
- Interpersonal Relationship
- Effective Problem solving
- Customer-focused
- Analytical & reporting
- Confidentiality
- Accountable
- Technical Skills
- Goal-oriented
- Working under stressful conditions
- Detail-Oriented
- People management
- Continuous Improvement
- Time management
- HSE compliances

Willing to learn new programs

ACHIEVEMENT HIGHLIGHTS

- Earned a Bachelor Degree in Chemistry.
- More than 6 years of experience in chemical & medical industries, with expertise in laboratory tests, Quality Control, Chemistry, Hazards Waste & Chemicals.
- Proficient in all phases of biochemistry, microbiology, parasitology, serology testing. Excels at delivering high-quality, rigorously-tested results.
- Equipped with the expertise to manage laboratory operations, process samples, validate results, and efficiently manage inventory.
- Well-rounded knowledge of HSE, standard medical & chemical procedures.
- Outstanding knowledge on the subject of managing equipment operations and handling laboratory tests.
- Conduct quality control checks, troubleshooting, & implement corrective actions.
- Develop, implement, & maintain laboratory's quality management system (QMS).
- Monitor and evaluate key performance indicators (KPIs) related to quality, Chemistry and laboratory operations.
- Conduct internal audits to assess compliance, identify non-conformities, and recommend corrective actions.

AREAS OF EXPERTISE

Chemistry | Environmental waste | Waste control | Chemical Quality Control/Assurance | QHSE Management | Chemical HSE Compliance | Hazardous Waste Management | Chemical Analysis | Waste disposal Lab chemist | Laboratory safety measures | Biochemistry Lab technician | Laboratory Management & Operations | Laboratory QMS | laboratory procedures | Equipment maintenance | Inventory management | Sample Management | General laboratory standards | Quality control procedures | Technical support | Clinical Laboratory Management | Good Laboratory Practice (GLP) | Test result validation | Analytical Instruments | Medical Laboratory & Equipment | Laboratory Technicians & Analysis | Hazardous Chemicals Management.

PROFESSIONAL EXPERIENCE

LAB TECHNICIAN

MAR 2018-CURRENT

SULTAN QABOOS UNIVERSITY (SQU) HOSPITAL, SULTANATE OF OMAN

Summary:

Served to oversee the day-to-day operations of the laboratory, ensuring smooth workflow, and maintaining adherence to quality standards and protocols. Carrying out all assigned laboratory work with precision and thoroughness, ensuring accurate and reliable diagnostic information for patient care.

Key Contribution:

- Overseeing the day-to-day operations of the laboratory, ensuring smooth workflow, and maintaining adherence to quality standards and protocols
- Receiving, labeling, and preparing samples for analysis, ensuring accuracy, proper handling, and compliance with safety procedures.
- Conduct thorough analysis of test results, verifying accuracy, and ensuring the integrity of data before reporting.
- Monitoring and maintaining laboratory supplies, and equipment, ensuring availability and proper storage.
- Performing routine and intricate maintenance procedures to optimize instrument performance.

HOBBIES AND INTERESTS

- Reading
- Traveling
- Sports

PROFESSIONAL EXPERIENCE (continued)

- Conducting state-of-the-art investigations using cutting-edge equipment and advanced techniques in Biochemistry, Hematology, Serology & Microbiology.
- Validating and ensuring the precise functionality of Laboratory instruments for accurate results.
- Performing routine and intricate maintenance procedures to optimize instrument performance.
- Diligently collecting, preparing, and testing samples with meticulous precision.
- Maintaining, calibrating, cleaning, and ensuring the impeccable sterility of laboratory equipment.
- Expertly operating, maintaining, and troubleshooting various sophisticated laboratory equipment.
- Managing Lab Stock and implementing rigorous Internal and External Quality Control while calibrating analyzers.
- Overseeing the maintenance and calibration of laboratory equipment.

FIELD CHEMIST

MAR 2017-MAR 2018

NATIONAL FRIENDLY ENVIRONMENT COMPANY, SULTANATE OF OMAN

Summary:

Appointed as a Field Chemist in one of the OQ Assets, prioritizing workplace safety. Proficiently managed hazardous waste disposal and chemical handling following established protocols. Led strategy meetings for process optimization, resulting in safer operations and sustainable organizational growth. Complied diligently with safety protocols, reducing accidents and contributing to the company's success.

Key Contribution:

- Prioritized Health & Safety as the foremost goal, consistently adhering to policies, processes, and safety protocols for a secure work environment.
- Drove Quality Enhancement with unwavering business integrity, consistently striving for daily improvements to maximize work productivity.
- Monitored and optimized chemical treatments, waste analysis, and disposals, ensuring seamless operations and environmental compliance.
- Conducted regular site surveys to ensure strict adherence to environmental regulations and compliance standards.
- Expertly analyzed root causes of HSE incidents and proposed effective corrective action plans for continuous improvement.
- Assisted in environmental impact assessment and played a key role in developing comprehensive environmental management plans.
- Performed comprehensive hazard identification and risk assessment to establish a secure and safe work environment.
- Established and monitored key performance indicators (KPIs) aligned with business objectives and quality assurance targets.
- Supported the development of Standard Operating Procedures (SOPs) to ensure a hazard-free work environment.
- Maintained and managed the chemical inventory database, generating insightful reports for compliance and process improvement opportunities.
- Proactively implement recommendations from environmental audits.

EDUCATIONAL QUALIFICATIONS

- Attained Bachelor degree in Chemistry, Sultan Qaboos University, Sultanate of Oman, 2010/2017.
